“ Uncle Joe, it has been a joy and honor to be a part of your life. I am blessed to have spent my childhood and formative years in the orbit of such an exemplary human being. The more I reflect on those years in which we got to know each other--and I reflect often--the more awed I am by your character, your life, and the uniqueness of the contribution you imparted to my own process of upbringing and character formation. You are one of the great heroes in my life, and your simplicity, your mystery, your laughter, live on in my heart. Love, Ben

“ Dear Mr. Butler, We shall always remember you as the finest of gentlemen, for there are few people who are as genuinely gallant and kind as you. My sons so sincerely appreciated the stories you related regarding your experiences in your younger years when we visited you in Washington with Jeb and Donna. You were an inspiration and we recollect our visit with you fondly and with great admiration. We are grateful for having known you. You shall be missed but never forgotten. With love, Debra, Doug (Kirk), Ryan and Andrew

“ Dear Mr.B, I hope you like the Irwinton site for military ceremony and family burial, and that it pleases you. Seems like you, a native-son of Irwinton, have become responsible for putting us all on the moon! We see the good in our own, do we not, even when we exaggerate to make our point. Just know that Jeb has done everything he can to honor your life, with love and respect for the man you are/were/and forever shall be, Amen. We love and miss you, and you will always be in our thoughts and hearts in the most fun-loving way. Bye for now, Your daughter-in-law, Donna xo
