*I am so very sorry that everything was handled the way it was for my niece. She was the most wonderful person anyone could have ever known. Her last name was Wood . there was a nice memorial service that you could have ever had. Just so sorry that many people did not know anything about it. Thank you to all of the people that stood in prayer with us as a family for Angie. Thank you to all of the friends and love ones that has came by our home and the ones that came to the service for her. It meant the world to our family. It is times like this when you know who really cares and who your true friends are. Rest high up on that mountian my little girl. I will love you forever and will see you soon. Love always your Aunt Vickey*
