“ I worked with Mr. Teeny Boy for many years at the old Engelhard "Klondyke Mine". He was one of the best heavy equipment operators I have ever seen. He was a kind and gentle man. Mr. Tenny Boy loved his family and he showed it with his kindness, support and dedication to them.

He also helped pave the way for better wages , working conditions, and benefits for those working at BASF today. While serving faithfully as a union leader, he was fair and unbiased in his decisions. Mr. Tenny Boy will be sadly missed by all who knew him.

May God continue to Bless you all.

“ I first got to know Mr. Teeny Boy while in my mid teens over at Mr. Carl Smith's "Klondyke Mall." I had the pleasure of working with him also at Klondyke mine a few years before his retirement. One thing that I always admired about Mr. Teeny was the love and devotion to his family, especially Marion. He and Ms Rosa took care of him at home and would bring him with them on trips to town until they were no longer physically able to do so.

Mr. Teeny was also one of the first leaders of the Union at what is now know as BASF. He, along with many others who now have gone on before him, sacrificed and left the next generation of workers with the wages and benefits that we share. I pray for God's providence of strength for the Wood family to carry on. Go rest on high Mr. Teeny, your work here is done!

*Thank you so much for your condolences. Papa was very humble and I, personally, did not know that he was one of the first leaders of the union.*

*Thank you again.
