“ *My brother, my friend, my helper Dennis. We parted ways when he was 13 (1954) and we spent only short times together when I could visit Dry Branch until I returned in 1990. Since that time we have been together, at least for a short time, practically everyday. Like a lot of brothers, I’m sure, we had our up and down and disagreements, but these were more than offset by the good times and laughter. I cared for Dennis and miss him very much, but I sincerely believe he is now with my Mom., is no longer in pain and struggling for breath, and he is happy. Love you and miss you very much.*

“ *Uncle Dennis was one of the craziest people I know , he was great fun to be around , with his sense of humour and one off comments . The Wimberly fishing company was born on vacations in Georgia , when Dennis , his great nephews Calum and Niall and his friend Ryan were fishing at the lake and then having fish fry . Vacations weren’t complete without the fishing and a trip to Hooters for hot wings . The highlight of the trip was also an introduction to New way Hot Dogs , and riding around in Dennis ‘s jeep . My boys loved him we all did and he will be very missed . Rest easy Dennis I bet your up there fishing already . Love you . Jane , Ruairi , Calum , Niall and Archie xxxx( UK)*

“ *I use to work at Lynn Haven with the Activity department. Mr.  
Wimberly was a great friend of mine. He always had an  
encouraging word to say. After I left Lynn Haven we still managed to  
stay in touch through phone calls and text. I know he will be missed  
by all  
that knew him. May God Bless.*
