“ Mr. Frank was a good man, Matt and I had the job of weed eating some tall grass over a field where the warehouse is now, we came back to the shop to fix a weed eater and fill a water cooler with ice and water, he told us not to put much ice in the cooler or we would get sick, well I was 16 and thought I knew better, I almost got sick from the water being too cold....knowledge comes from our elders, listen to them! That was about 1988-89. I think! 😊
