“ I remember my daddy, Cosby Benford (Heavy), working for Grady years ago. Then later I also worked for him for a little while. He was a very friendly man with a quick sense of humor and he really knew his business. I learned a lot working with him. So thankful I had the privilege to know him.
He and his excellent work will certainly be missed by so many.

“ Grady was the first account at my family's business Newton Lumber & Supply back in 1972. He was a kind and gentle man. I became a son to him immediately just like so many young man. I always felt love every time he came in the store. We always talked and shared with each other it was more than just a customer relationship. What a wonderful man. I shall always remember him always. Love you Mister Grady.
