“ Fred, I still can't believe she is gone, I know that she is much happier where she is. I miss her every day even more than the last but the one thing I will never forget is what an amazing friend she was to me and how good she was to me and that I cherished the time we spent together, she was like a second mother to me and I will never forget how much she cared. She was a wonderful human being and I will never forget her.

“ I know that Gwen struggled after her leg ordeal. I hoped that she'd find her way through it all, but at least now she's not having to struggle. My thoughts are with you, Fred.
