

Dr. Ivey Dennard

December 22, 1940 - August 19, 2021

Dr. Ivey Chandler Dennard, 80, of Gordon, passed away on Thursday, August 19, 2021. The family will receive friends and family on Saturday, October 9, 2021 from 6 to 8 pm at Williams White Columns Funeral Home of Gordon. The family will have a private family service Sunday, October 10, 2021. The service will be streamed on our website www.whitecolumnsfh.net. To view go to Dr. Ivey Dennard's page and it will show there.

Ivey was the son of the late Glynn and Zulene Dennard, of Gordon, Georgia. Growing up, he watched his father help to take care of neighbors' sick animals, and at a young age he made it his goal to be a veterinarian. After graduating from the University of Georgia, he served in the United States Army briefly and then worked in private practice as a veterinarian for a short time before returning to his home town of Gordon, where he started the Gordon Animal Clinic, working there until shortly before he passed.

Through his hard work and with the help of his wife, Jan, the clinic became successful and brought in clients from the local area, all of Georgia, and even other states. Over the 46 years he ran the clinic, it became a well-known destination for people who wanted friendly and straight-forward care for their animals and pets in a welcoming atmosphere. He always thought of it as a family business and considered both workers and clients as part of that family. Dr. Dennard was known for being open and honest, and despite his success,

he was always proud to call himself a simple country vet.

He was preceded in death by Jan Edwards Dennard, his wife of 57 years. Survivors include his children: Kevin Dennard, Keleste Palmer (Rance), Kelly Dennard; all of Gordon, Kerry Dennard (Amy) of Hawaii, Keith Dennard (Amy) of Virginia; grandchildren: Clarke Payne (Victoria), Cale Palmer (Hunter), Ben Dennard (Noelle), Cody Palmer, Emily Dennard, Katie Dennard, Casey Palmer, Andrew Dennard, and Lauren Dennard; great grandchildren: Carsen, Cade, Daniel, and Weston. He also left behind two sisters, Judy Brooks (Larry) of Gordon and Kathy Spears (Danny) of Jasper, as well as a number of nieces and nephews and great nieces and nephews.

Although he is undoubtedly happy to be reunited with "his girl," his presence will be sorely missed by so many whose lives he touched during his time with us.

You may express condolences online at www.whitecolumnsfh.net.

Williams-White Columns Funeral Home of Gordon is in charge of arrangements.

“ I went to the clinic 1/20/2022, I was Shocked and Saddened broke my Heart to hear of Dr. Dennard passing.
I don't do Facebook and live in Jackson, Ga. I had not heard.
I am so sorry for the Dennard Families loss. Thank yall for sharing Dr.Dennard with us over the years. He truly felt like My Uncle a family member for 15 years, that's how he treated me. I last saw him on July 27, 2021 when he had to put down one of my Maltese dogs. He did blood work and explained it too me the results.
Explaining how He has lost His Wife. Comparing bloodwork results with her bloodwork.
He told me the Big House was so lonely without his love of his life not being there. My heart was sad for him. Not knowing he would be passing 22 days later.
I would always thanked him for being so affordable, that's why I drove from Jackson Ga. He told me on one occasion as I thanked him that he would have to answer to God oneday. That he took that very seriously. That made me respect him even more for realizing one day we all will answer to God for our actions. He always took care of my Maltese dogs even remembering ones name.
Rest in Peace Dr.Dennard with your sweet wife in Heaven.
I know there were plenty little animals greeting you along with family & friends as You enter Heaven.
Thank you and I miss YOU , until we meet again. Prayers for your Children. xoxo

Your Staff was a reflection of You also, very kind.

“ A selfless man dedicated to helping others to care for God's creatures one of the best veterinarians I've ever had the pleasure of knowing it saddens me to know he past and his passing will hit many hard from his family to every individual he helped with their animals you just don't find people with his ability common sense and lack of selflessness I'm sure there's a million stories people could tell how his no nonsense straight forwardness and compassion to keep his services affordable to the community made him the man everyone wanted to come to for his help and expertise I've known ivy since 94 when I moved to Georgia it might have been a little drive to make it out to Gordon but it was well worth it. And every time I've ever had to I knew their would not be another like him so my condolences to his entire family that you have all had to share him with so many people that it took his time away from all of you but know one thing he has a very special place in heaven for his dedication and selfless love for people and God creatures.

“ When the first time I took Sugar my rottweiler to them I knew he was the veterinarian for my pets. The times when I had to part with my pets he showed compassion for my situation. The day he passed I was at the clinic that morning not knowing it was close. I will truly miss him for the caring veterinarian he was.

“ Dr. Dennard was a sweet person who had a passion for animals. He fixed our puppy who had a cleft lip and that puppy lived to be 15 y/o and ate like nothing was ever wrong. One time he neutered our pup with only the light from the window during power outage. He jokingly told us to make sure he cut correctly. He told us often to hold the end that bites. We will always remember Him and his devoted wife. Our prayers and condolences to the family and get well wishes to his daughter. Robert and Joan Miller- Milledgeville

“ In telling my age here, I remember when Dr. Dennard came to each town to inoculate any and all of the towns dogs from rabies. He became a legend then and always will be me and my family. He was a no nonsense kind of man that just told you the truth. Those men are few and far apart.
Condolences to the family, co-workers and friends.

Danita Knowles - October 04, 2021 at 08:54 AM

ST

“ There are some animals who would not have received proper veterinarian care if it were not for Dr. Dennard as many families could not afford the cost. He has provided medical care for all our dogs over the years. We had a loved dog who had demodectic mange that could not be cured. But with Dr. Dennard's help, we were able to control it where Benji lived a good quality life for 10 years. It was 10 years of love from this wonderful pet. Thank you Dr. Dennard! Condolences to the family and workers at Gordon Animal Clinic. May the Clinic continue in your spirit as you have operated it all these years.

Susan & Larry Taylor - September 04, 2021 at 02:05 PM

Susan K Budrys - August 30, 2021 at 03:43 PM

MM

“ In 2006, we found a dog wandering near a friend's home and she said that people just threw food out to her. So, we took her home but then found out she had 8 puppies. We took them home too. Our friend had used Dr. Dennard many times and so we went to him with our new family. We named her Lonesome and she looked like a wolf. We asked if she was a wolf and Dr. Dennard said "it is illegal to own a wolf, we are calling her a "husky". He was such a great man and veterinarian. We just lost the last of Lonesome's puppies a few months back. Dr Dennard had to put her down and he had tears in his eyes when we made the decision. Such a compassionate man. Thank you to him for all his care and love for all animals. May God hold his family in His loving arms during this time of grief. Everyone has such great memories of Dr. Dennard.

Marsha Meyer - August 26, 2021 at 01:02 PM

ML

“ Dr Dennard saved the lives of several of my furbabies through the 26 years as our vet. His “knock on the door” if you need me after hours, his willingness to listen, his compassion, and love of animals were just some of the things our family loved about him. He will truly be missed.

Michelle Luna - August 26, 2021 at 03:19 AM

JP

“ Dr. Dennard was simply wonderful! One of my favorite memories is when I took our almost miniature Dachshund, Peebles, for her shots. I put her up on the table, Dr. Dennard walked in and said to her, "What's up no-legs?" I loved that. Dr. Dennard will be missed by his clients and patients. With Dr. Dennard's passing, the World has lost a true advocate for animals. Dr. Dennard, I know that when you crossed from this life to the next, you were greeted by all of your former patients with tails wagging and a chorus of meows. You will be missed.

Judy Balkcom Parks - August 25, 2021 at 08:10 PM

Elisabeth Burkhalter - August 25, 2021 at 06:36 PM

JM

“ We met Dr. Dennard some time in 1990. We had just married and were living on our recently bought acreage in Crawford County. Almost as soon as we moved in, people started dumping and abandoning animals on our property, and we soon became the rescuers of many fur babies. Thankfully, some kind, sympathetic soul told us about Dr. Dennard. We were so incredibly overwhelmed and tapped out by the costs to care for our babies. Finding Dr.Dennard was a God send!! Dr. Dennard's non greedy, reasonable approach and policy helped us to fix many many animals and not go bankrupt in the process! He was a huge blessing! There simply aren't any vets around these parts like him! He will be sorely missed!!!! Deepest sympathy to his family! He was one in a million!

“ Doc was such a genuine honest caring man. Greatest Vet ever. Even more he was my Friend. He would always tell me the exact straight of it no matter how good air hard the situation was. He had. A quality of that is becoming more and more rare in today's world of Honesty and integrity while humbly being a Legend. Doc and Ms. Jan always treated me like family and I will always love and appreciate them for that. I send Prays to the whole family. I am here if I can do anything for you. GOD bless you all.

Dave Griffin - August 23, 2021 at 11:37 PM

“ Saw you, Dr. Dennard, in July, as my senior cat was dying. You called to tell me he had not made it. Just your being who you were, Dr. "Ivey," a fixture in my little universe since I was nine, faithful as the Pole Star, made it bearable. So--devastated to hear you had gone. Devastated not to have known of your battle. And so bereft. I, more and more an old woman, have one cat left to me, and I think: "Dr. Ivey will never see how much weight Big Boy has lost on his diet." But you shall, and you do. And so shall Kevin, God bless him. So many of us loved & continue to love you so.

George Thistlewood - August 23, 2021 at 07:38 AM

SS

“ *Dr. Dennard was a legend and had his own way of taking care of all the animals that walked through the doors of Gordon Animal Clinic.*

I started using him about 4 years ago and fell in love with him and his staff immediately. My animals loved him, he did not have a fancy practice by no means, all the paperwork was handwritten, no expensive computers & machines, WiFi, very few bells and whistles.

He was just a hometown, down to earth vet who truly loved animals and believed in treating people's animals without breaking the bank. He gave my animals medications that worked immediately and never once did I have to go back a second time for the same ailment with any of my pets.

I can only imagine how many furbabies came running thru the rainbow as he entered the gates of Heaven this morning. I know he was met by thousands with our little Rebel, Harley, Lizzie and PWillie included.

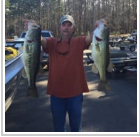

As bad as you will be missed here on earth, I know you were so happy to see your loving wife again and will now be with her for eternity and for that I am happy.

RIP Dr. Ivey Dennard, you were one fine man that God Blessed us and the animals with here on earth.

I certainly loved you and we will meet again one day Sir. ❤️🙏

“ Prayers and condolences to the family. Dr. Dennard was one of a kind. No one can ever fill his shoes. We knew him for many years and always received the best care for our pets! My last visit to see him was quite sad and tearful as my beloved cat of 18 years had to be put to sleep. Dr. Dennard saw my pain and explained to me I had given Adam (our cat) the best life possible but due to Adam's mental status after strokes, Dr. Dennard convinced me it was an act of love to let go. True words of wisdom from a very wise man! This was only one encounter as there were hundreds of times we saw him over about 40 years. I'm sure Heaven's gates opened wide for a man of true integrity but we will miss him so very much.

“ *Deepest condolences to the Dennard family. Dr. Dennard was the kindest man. He truly loved what he did and had a directness tempered with compassion.*

I was introduced to him in 1979 by my mother.

I needed a Veterinarian in a hurry and my mother took me to Dr. Dennard, which led to the only Veterinarian I ever used.

I recall a few years later when I took a puppy for his first shots. Dr. Dennard gave him a pill and I made the comment that my puppy couldn't swallow that huge pill. Dr. Dennard chuckled saying, "I'll give you one, if you don't hush".

Yes, Dr. Dennard was so special. I've run across people in the waiting area, who traveled hundreds of miles, saying they scheduled their vacations around their pets shots because they trusted Dr. Dennard. That speaks volumes about the care Dr. Dennard gave his clients.

Dr. Dennard will be greatly missed by many.

Rest in peace, Sir.
