“ Only found out yesterday that this beautiful soul has left this world. Thank you Dr. Dennard for sharing this with me when I visited the clinic yesterday. It had been quite a few years since I had seen her during my trips to the clinic, and I was told a few times that she had been there earlier. When we were young, Gwyn and I made a lasting impression on her with our directionally challenged selves trying to get to Gordon from Warner Robins, usually by the most indirect route we could find. We did it wrong so many times, the correct route “looked wrong.” We knew when we finally arrived she was going to get a good laugh. Will always cherish the memories we built with her through the years. God bless you Dr. Dennard and all of your family as I know you will continue on with so many more cherished memories of this outstanding lady.

*Ditto Lynn's comments. Visits to the clinic were always an adventure. She and Dr Dennard always made us feel special. Always asking about our kids and our lives. I know they were like that with everyone, but it still made us feel special. We have missed seeing her for a while. It is so sad to know she is gone. It feels like a dear family member has left us. Sorry we did not know sooner. Continued blessings to all.*
