“ Well Jeff, It's been about four years now since that day we realized you were gone. I miss you little brother and I have tried many times to figure it all out. All i could conclude is that you wanted to be present with the Lord so much that he felt like you would be a big help in Heaven keeping all of the rast of our bunch strait. What a job! I love you Jeff and I hope to join you in Heaven one day. All of my heart, David

“ My sweet and precious Daddy, I am so grateful that our Heavenly Father, like you have said many times, let you be my earthly father. For, you summed up the meaning of this life here on earth for me, and I can only hope and pray that Carter and I are able to pass down the fragile and meaningful lessons that you and Meemaw laid forth during your paths. I hope you know that you accomplished everything one could ever ask for, you were one of God's angels in this world-- and you left an imprint that will forever be remebered. I love you and can't wait to rejoice with you in our Father's house.
