“ Dear Patrick and Jodi: I was so sorry to hear about Nurse Bentley's passing. I have so many fond memories of her during my childhood, her compassion and gentle spirit, her ability to assuage the fears of a little girl scared to death of needles; the parties she used to throw for Patrick and his classmates; her elegance and charm. I will always remember her fondly. My thoughts and prayers are certainly with you during this sorrowful time.

“ Seems like I knew Joan forever. My father drove to work with her husband when he worked at Engelhard in Washington County so many years go. Then I knew her from Dr. Davis' office, then when she worked briefly at Med.Surg. at CSH. I thought back today about how much she loved her children and I see her now telling about all the milestones and events of the children when they were small. She had great compassion for patients and everyone. I will be praying for you all!
