“ I didn't know Les, but if he was anything like his brother, Sean, then Heaven definitely has a new angel. Praying for everyone in his life. May you all find peace and strength through the pain. - Casey Mims

“ This is so very sad. What an awesome person and very good at wheelchair modification and accessibility. He could make anything work! His family meant so much to him and he often spoke of them while he was modifying something. My guess is that he left a wonderful legacy with those kids he raised. Kindness will likley come into the world alot more through them. Praying for his whole biological and otherwise aquired family.

“ Les was a kind soul, always there for us whenever we needed him. He was very talented when it came to making homes accessible. He devoted himself to giving to others and we will always be grateful to have received his kindness. The thought of not seeing Les or talking to him again is truly heartbreaking. We hope he knew how much we appreciated all he did for us over the years.

“ Les was a pleasure to work with on the Planning Board for the Town of Hounsfeld. We shared stories about our grandkids, who are only a few months apart. I can't believe he is gone. I will keep the family in my thoughts and prayers. RIP Les.

“ Initially met Les through WWOA. When my wife was diagnosed with stage 4 cancer, Les stepped in and helped us locate a wheelchair ramp for sale and installed it for us free of charge. He was a proud veteran and friend! Always willing to help out if you needed ANYTHING. He will be sorely missed by all those who had the pleasure of meeting him.
