“ I first met Marjo in, 1951, if my antique memory is serving me correctly We started to school together at Gordon Elementary School in Gordon in Mrs. Dieson's first grade class.

I'll never forget that smile! she seemed to have one for everybody! i remember her playing baseball. On one particular day when she hit the ball, I heard a loud "crack"!!, I thought she had broken the bat! Then I noticed that the ball was wobbling wildly!! She had knocked the cover almost all the way off the ball!!

one cannot help but be impressed with all the degrees Marjo had in education and special Ed! But Marjo was the type that could carry all these degrees without letting her superior knowledge go to her head (no pun intended). I knew Marjo well enough to know that she obtained all those degrees because she wanted them in order to improve her ability to educate and direct the education of all the children that she so dearly loved!! EVERY ONE OF THEM, with hopes of helping them to be all that they could possibly be. I know, because she had a very important hand in teaching my grandson! I will never forget her friendly greeting , her wonderful smile and hug when we would meet in one of the grocery stores in Milledgeville. She would be on one of those electric grocery carts, but she always insisted on standing up to greet me.

She was a real powerful and strong asset to the school system. It would be impossible to fill fill her shoes with the expertise and warm friendly and loving personality of Marjo.

To the children of Marjo: Children of Marjo, ALL OF YOU, whether she bore you or not. Marjo dearly loved and cared about you more than I would ever be able to describe! You were so privileged to have come into contact with one of the greatest teachers, educator, and loving persons of all time!!!

My sincere condolences to her family and to all her MAN, MANY CHILDREN and friends

“ I was fortunate enough to have Marjo as my first grade teacher when she first started her long successful career in education. Old schoolhouse in Irwinton. Impressions last...even as a small child! It was a great year! Whenever our paths would cross through the years, we would enjoy a quick chat. So sorry to hear about this. Prayers for the family.

“ Mrs. Marjo made quite an impression on me in 1990 when my friend Brad Prosser introduced me to her. Her house was the first house I went to in Gordon with Brad. It was the place all the friends of Doug wanted to hang out at. When I left in '94 I didn't see her but a few times after that but she always had a word of encouragement for me on Facebook. Thanks Mrs. Marjo for showing me the love that obviously so many were blessed to receive. Family you were truly blessed. My prayers are with you at this difficult time.

“ Marjo was a special lady and she will be missed by many people. She was an expert in "Special Ed" and did a lot for special needs students. As a teacher; and later as an administrator, I knew I could depend on her to guide me through the maze of rules and regulations in dealing with the education of special needs students. I enjoyed working with her and I treasured her friendship that continued after we retired. (For those that remember the two musicals that we did at the WC Primary and WC Elementary Schools in 1999, Marjo was principal then and those musicals were her "dream" that we all worked together to make happen. Great memories!) We are praying for all of her family and friends during this difficult time. May God grant each one comfort, strength and peace.

“ Marjo service to young people in education was a calling and not a job. She was one of the truest and best friends a person could ever hope for. We spent many hours talking about our children and the children we were blessed to have served. Many people do not realize what an exceptional athlete she was while attending WCHS. A true sportsman but left nothing on the court. That is the way she lived her life. My heart breaks with her passing but by faith we will meet again. Continued healing for the family.
