“ Grampy and I are so sorry for your loss. I will miss our phone calls and laughter. So glad I had the chance last year to thank her for keeping the promise she made me years ago. She loved unconditionally, and was a great listener. We will miss her love and laughter but we will keep our great memories of her alive in our hearts.

“ *I am so sorry for the loss of your sweet mother, she will be missed by many . She always made me feel loved and welcomed any time or anywhere I saw her. She was a huge part of my life though I didn't see her as much as I should of. I told her I loved her every time I saw her or spoke to her on the phone. Just knowing how much she was grieving for uncle buddy I know she is happy at peace being with him and the rest of our family that has passed on. Though I know how much she loved each and every one of you and those grandchildren and even great grandchildren she knew y'all had each other and your own family's to comfort one another and to lean on in her absence! One thing I knew was she loved the lord and was ready to take her place in heaven when the time came to be with her savior. I love you all very much and my heart aches for each of you! You lost a mother , best friend, grandmother, sister, daughter in law, sister in law and I lost a great aunt ! She was so loving and graceful*
