“ *She's been in my life for as long as I can remember. One Wednesday or Tuesday night when I was a teenager, she asked me to go to church with her. I was reluctant to go because the only preacher I ever heard shouted etc until you thought he would pass out. This particular night we went to a different church and the pastor just talked in a normal voice. To my surprise I thoroughly enjoyed church for the very first time, and enjoyed the time with the person that felt more like my older sister than my aunt.*
