“ Dad tonight I sit here missing you, 2 years ago at this moment I was sitting on the end of your bed and you just got home from the hospital, you were sitting up watching TV and Me and you had our last conversation. Not knowing it was our last we were making plans for the next day, and the next week. Lord I miss you. But you know, we miss you and love you daddy. The pain is no easier, life is not the same without you. Love always daddy.

“Daddy it seems it was just yesterday, we were making plans and enjoying life. It is so hard without you. As the days and months go by the hurt of missing you does not get easier. I think back to the day we lost you only if I would have got there a few minutes earlier only ? A lot of ? Mom and the rest of the family misses you so much. Not the same with out you. I see mom struggling each day just to make it through the day with out you. No matter what she is doing I can tell the only thing on her mind is you. She loves you so much. You have always been the one that help us through times like this, but this time we were on our own and it has not been easy. I love you daddy. The children are growing up so fast you would be so proud of them. They miss you . You may not be here with us but you are always with us. You will never die, you are in each one of our hearts . You will never be forgotten.  
Love always your daughter.

“ Miss Phyllis, Alicia, Cindy, Diana, Todd & family, I am so sorry for your loss. I remember Mama sharing a few funny stories involving Mr. Raymond Earl as a youngster.

*With each of you, he has left a legacy of love, laughter, values, memories, and so much more. While he is no longer physically with you, he has not left you. His words of wisdom will come back to you, time & again, continuing to guide and comfort you through out your lives...until you meet again.*

*May God bless and keep you through this difficult time.*
