“ *You were the meanest red head I know but you loved ur family even when you were mad. I remember the first night we met when I met my future husband. Thick as thieves. You became a part of my family and took my children as your niece and nephew and never treated them any different. I just can't wrap my head around this and I wished you knew how much you were truly loved. You will forever be in our hearts and minds forever. Punk.*

“ *Nigga It's been a long day without you, my friend
And I'll tell you all about it when I see you again
We've come a long way from where we began
Oh I'll tell you all about it when I see you again
When I see you again.....*

*That I'll be standing right here
Talking to you about another path I
Know we loved to hit the road and laugh
But something told me that it wouldn't last
Had to switch up look at things different see the bigger picture
Those were the days hard work forever pays now I see you in a
better place
How could we not talk about family when family's all that we got?
Everything I went through you were standing there by my side
And NOW you gonna be with ME for the LAST RIDE*
