“ My thoughts and prayers are with the entire family. For years every time I was around Me.Terry he was always bragging on his daughters, how proud he was of all of them, and how he loved them all more than anything! Mr. Terry was a good man who always treated everyone he came into contact with respectful and nice..I am very saddened to hear of his passing and I promise to keep the family in my thoughts and prayers in this time of sorrow....

“ Hello handsome! I can't believe you are really gone from this earth. I know you are in a better place but I am selfish and want you here with me. My heart longs for you so much daddy. I will never be the same without you here. I feel so numb. My days are filled with memories of you playing your guitar and singing. And the joy of your laugh. Dementia stole your mind away but it could never steal my love for you. It has always been there and always will be. I remember our last conversation. I asked if you would go with me to get a milkshake and you said. "I can't go. Mama is coming to get me and take me home". I know you are finally home daddy. I know you are happy and pain free with all of your loved ones who are there. I love you so much. See you soon handsome. Your daughter forever and always, Teresa
